

All British Day – Brisbane Management Manual

Judging:

The purpose of judging is to select a vehicle in each category worthy of being awarded the trophy.

The judge/s shall select three vehicles in the category from which the winning vehicle will be selected.

The Chief Judge shall ensure that individual vehicles are not selected in more than one category. Should this occur the CJ may ask the judge/s to select a further vehicle in that category.

The vehicles selected should be the best presented vehicles on the day in each of their categories.

Only vehicles that display the '**Entrant Information**' card are to be considered for judging.

Judge/s may have to consider vehicles across various marques and clubs when making their determination.

When a final decision on the winning vehicle has been made a judge is to return to that vehicle and place a '**Category Winner**' card on the windscreen or other suitable visible position on the vehicle. The judge shall also endeavour to inform the owner/driver of the vehicle.
